Devon Thorsell	2024	Finding Your Voice	Lee Hochberg	I didn't love this class. I was a 2 credit, 1 week course. I can't decide if 1.5 weeks is too much or not enough. The class was very interesting, but I think it would have been better as a 1 credit, 1 week course. I enjoyed the speakers, but I think they were a bit repetitive. I think the topics were good, but I think there could have been more variety. I think the speakers were good, but I think they were a bit repetitive.
